## GERMANY STUDYING TARIFF AND TRUSTS

The Reichstag Committee Finds American Statistics an Experience of Great Value.

(By Associated Press.)  
BERLIN, August 2.—The Reichstag tariff experts and an inexhaustible mine to support any argument, whether of a protective or free trade character, in the American tariff and the enormous literature that has grown up around it. Steel rails were considered by the tariff committee yesterday, and among the members were reports of the American Senate and House on the tariff. Count Von Posadowsky-Wehner, the Imperial Secretary of State for the Interior, had a volume of the United States census before him, and Herr Bernstein, the socialist leader, was armed with the testimony taken before the American Trust Committee, from which he quoted Henry O. Havemeyer, president of the American Sugar Refining Company, to the effect that the tariff was the mother of all trusts. Every speaker favoring the ten marks per ton duty on rails, as provided by the bill, alluded to the United States Steel Corporation, averring that the domestic German market would be taken by it whenever sales in the United States languished. Herr Bernstein, who is the most careful reasoner among the Socialists, predicted the breakdown of the steel trust from over capitalization and over confidence of its managers. He had before him a copy of the Imperial Secretary of State's recent declaration to the New Jersey courts on the company's financial position. The speaker said J. Pierpont Morgan was boldly operating on the great principle underlying future production, namely, the correlation of all elements on a colossal scale under one management.

### SALT LAKE CITY TRAGEDY

Commits Suicide After Killing a Woman and Wounding Her Escort.

(By Associated Press.)  
SALT LAKE CITY, UTAH, Aug. 2.—At the Salt Palace grounds early J. C. McCastin, a well-known mining man of the city, shot Lottie Russell and seriously wounded L. M. Peters and then committed suicide. McCastin, Miss Russell, Peters and another man, whose name could not be learned, attended the bicycle races at the palace. It is said McCastin had had trouble with his wife and had been drinking. Peters and Miss Russell, it is understood, taunted him with his domestic troubles, whereupon he became enraged, drew a revolver and shot Miss Russell through the back. Peters, who attempted to disarm McCastin, was shot through the chest. McCastin, after firing a shot at the other members of the party, fired a shot through his head. He died an hour later. Peters is in a precarious condition, but it is thought he will recover. Miss Russell was a waitress.

## NEW PREPARATIONS FOR CORONATION

Decorations Attract but Slight Attention—The King's Continued Improvement.

(By Associated Press.)  
LONDON, Aug. 2.—New preparations for the coronation of King Edward next Saturday are proceeding rather mechanically. The erection of street barriers, the cleansing and decorating of the stands and the rehanging of decorations attract slight attention. Public interest in the actual proceedings, however, is rekindled by official assurance that the King is getting on finely, and that His Majesty will be able to bear the fatigue of being crowned. The publication of the official programme of the procession shows no special changes from the original arrangement, but the ceremonies in Westminster Abbey have been curtailed by the omission of the litany and sermon and by the recital of the recognition once instead of four times. A new series of rehearsals have begun at the Abbey. The city council of Westminster, in compliance with the King's wishes, have voted that no further expenditures be incurred in replacing the street decorations. The club houses, which line a considerable portion of the route, and most of the other buildings are being redecorated, the Canadian Arch is being redressed with fresh specimens of Canada's agricultural products, and the Indian contingent is erecting an arch on Parliament Street. The illuminations on coronation night will be largely as originally planned.

### STEYN IN ENGLAND

He Will Go to a Cottage Engaged for Him Near The Hague.

(By Associated Press.)  
LONDON, August 2.—Former President Steyn, of the late Free State, arrived at Southampton to-day with his family. He was met by Messrs. Fisher, Wessels and Deuring, the former Boer delegates. He will go to The Hague, where former President Kruger will go from Utrecht to meet him Monday. Mr. Steyn was too weak to bear the journey to London, although a special saloon carriage had been attached to the regular train for him. His physician would not allow him to be interviewed by the press, but Mr. Steyn sent word that he wished to express his thanks for the courtesies extended to him by the British authorities since the surrender and for the care given him during the voyage. The former President was removed on a stretcher to the Dutch steamer Batavia II, which was moored close to the teamship on which he arrived. He will be landed at the Hook of Holland and conveyed in an ambulance to the cottage reserved for him near The Hague.
